

Greenfields Academy (Secondary) - Long Term Planning – HUMANITIES

Academic Year Overview 2020/21 – YEAR 8

Term	Autumn		Spring		Summer	
	1	2	3	4	5	6
TRANSITION FROM.... 	Global Fashion		River Landscapes		Ecosystems	
Weekly Sequence	KEY: N – New Learning & Knowledge, KQ – Key Question, WSF – Whole School Focus (eg. Computing Week, Language Day)					
1	N – Items we consume come from all over the World. KQ – Is globalisation a good thing?	N – The different opinions on globalisation. KQ – What are the negative social, economic and environmental impacts of globalisation?	N – There are lots of rivers locally. KQ – What are the different parts of a river called?	N – That rivers have a lower course. KQ – What are the key features of the River Thames?	N – Weather is different in different parts of the World. KQ – What is an ecosystem?	N – Some benefits of rainforests. KQ – Should the Belo Monte Dame be built?
2	N – What the term ‘Globalisation’ means. KQ – What developments have been made to transport in the 20th & 21st centuries?	N – The negative impacts of globalisation. KQ - What does a logo need to have to make it a logo? WSF – Computing.	N – What a river is. KQ – What are the different features of a river basin?	N – More information about the River Thames. KQ – What are some common causes of flooding in the UK?	N – What an ecosystem is. KQ – Why are biomes located in certain places?	N – The pros and cons of building some dams. KQ – Should we develop the rainforests or conserve them?

3	N – The transport developments that took place in the 20th and 21st centuries. KQ – What is meant by the term ‘Global Fashion’? WSF – Computing.	N – Logos are unique and stand out. KQ – What can I use to design a clothing range?	N – What a drainage basin is. KQ – What are the features of the upper course of a river? WSF – Computing.	N – Some of the causes of flooding. KQ – What caused the flooding in Cockermouth?	N – Where biomes are in the World. KQ – Why are tropical rainforests an important ecosystem? WSF – Computing.	N – How rainforests can be exploited. KQ – How can the rainforest be used sustainably? WSF – Computing.
4	N – How to describe the global fashion industry. KQ – How has Nike spread all over the World?	N – Some impacts of globalisation. KQ – Can I recall the information learned in this topic?	N – That there is an upper course to all rivers. KQ – What are the different features of a waterfall?	N – Causes of flooding in Cockermouth. KQ – What are the different effects of floods? WSF – Computing.	N – Where tropical rainforests are in the World. KQ – How have species adapted to live in the rainforest?	N – Ways of making rainforests sustainable. KQ – Can I recall what I have learned in this topic?
5	N – What a TNC is and name one. KQ – Why do companies spread around the World?	N – Positives and negatives of globalisation. KQ – Define the term ‘Globalisation’	N – The different features of a waterfall. KQ – How does a meander form?	N – Some of the different effects of floods. KQ – What information can I find about a Major River of my choice?	N – What Flora and Fauna are in tropical rainforests. KQ – How are rainforests used by different people in different countries?	N – Can recall key information from the topic. KQ – Can I recall what I have learned in this topic?
6	N – Why companies choose to go global. KQ – Why do some of the clothes we wear exploit some people in other countries?	N – Positives and negatives of globalisation. KQ – How do companies become popular?	N – What a meander is. KQ – What is the lower course of a river like?		N – How people use the rainforests differently. KQ – How valuable is the tropical rainforest ecosystem?	N – Can recall key information from the topic. KQ – Can I improve my assessment answers?
7	N – What conditions some workers experience in factories. KQ – Is Globalisation a Good Thing?	N – Positives and negatives of globalisation. KQ – How do companies become popular?
