

English – Pupils will be focusing on the mythical story of 'The sword and the stone'. Pupils will explore and understand exploration text and develop their letter writing skills. Pupils will use connectives and time words to ensure their explanation text flows logically. Pupils will be able to write both formal and informal letters, expanding their vocabulary and grammar skills.

Computing – Pupils will explore when we need to rotate and crop an image as well as how to use an image editor to make these changes. Learners will then discuss image composition. Pupils will look at photo editing, combining photos and evaluating images.

Pupils will evaluate each other's work giving feedback and what improvements could be made.

History – Pupils will explore Henry VII and how his reign influenced Britain and the Royal family. They will develop their knowledge in understanding how the Tudor period rose to power, children are going to act as historians and investigate whether Henry was a tyrant or a fair ruler.

Music – Pupils will listen to a range of music from a variety of artists. These pieces will become stimulus for class discussions about using pitch to create different moods and emotional responses in music. Pupils will explore music written for cartoons and animation, focusing on scenes from Tom and Jerry.

Religious education – Pupils explore what Pentecost is and what it means to some Christians. They will be able to describe links between the description of Pentecost in Acts 2 and God as Trinity and explain links between ideas about the kingdom of God in the Bible and what people believe about following God.

Physical Education – Athletics

Pupils will be looking at the skills needed to be successful in a range of athletic activities. Including running, jumping and throwing.

PSHE & British Values –

Pupils learn British values which explores what it is to be a British citizen in a modern and diverse Britain and promote moral and cultural understanding that celebrates the diversity of the UK. Promoting these fundamental British values will usually occur as part of SMSC development. These occur through weekly discussions and assemblies.

Term 5 Provision map

Outdoor Education – The pupils will be participating in course fishing at Woodland waters, Ancaster. They will be exploring different equipment, such as using poles and rods, as well as different techniques and baits. The pupils will learn how to set-up and pack-away their equipment and how to ensure fish are safely unhooked and return to the water.

Maths – Pupils will be looking at shapes position & direction and Decimals. Pupils will understand terminology such as degrees, obtuse, acute and reflex, coordinate, plot, translate, hundredth. Pupils will go in to more depth with their decimals this term and look at the hundredth column.

Science – Pupils will be looking at data collection, habitats and deforestation. Pupils will investigate plants and animals in their local area. Create bar charts and classification keys. Pupils will build on their understanding of human impacts on habitats and look at the effects of deforestation both locally and globally.

Geography – To understand geographical similarities and differences through the study of human geography of the UK during the Tudor period. Pupils will learn how to use maps to locate historical and geographical features of Tudor towns. Pupils will be able to understand the influence of Tudor architecture on the landscape and community layout.

Art & Technology – This term links to The Sword in the Stone through the exploration of creating 3D sculptures that represent strength, identity, and transformation, much like the journey of the young Arthur as he evolves into a king. The themes of bravery, mythical elements, and shaping one's destiny are mirrored in the artistic process of shaping and refining sculptures, drawing parallels between the art of creation and the growth of the legendary figure.
