Stixwould: Weeks 8-14

Areas of Learning

English: Transactional Writing

Maths: Factorizing, expanding and solving equations.

Science: Electrolysis and energy.

RE: Islamic beliefs

Art: Mosaics

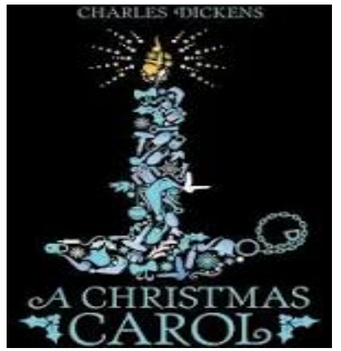

Engineering: Personal project

PE: Invasion games

PSHE: Health and wellbeing

Text:

A Christmas Carol tells the story of Ebenezer Scrooge, a mean and selfish man who hates Christmas. On Christmas Eve, he is visited by the ghost of his former business partner, Jacob Marley, and three Christmas ghosts. They show him his past, present and future, helping him realise how unkind and greedy he has been. After seeing the impact of his behaviour, Scrooge changes his ways, becomes generous and embraces the spirit of Christmas.

Educational Visits:

Workhouse in Southwell

Newark art exhibition

Curiosity & Knowledge

English: We will continue to complete an Inspector Calls. During the run up to Christmas, we will be studying A Christmas Carol by Charles Dickens.

Maths: In this unit of work we will practice expanding and factorising before progressing onto solving linear equations. Pupils will learn how to re-arrange simple formula to make x the subject.

Science: This term Stixwould will be studying the chemistry module electrolysis and in physics we will be studying energy resources. The modules will include a blend of theory and practical work.

Explore & Make

Art & Design: During the second term the students will be c exploring different media by creating mosaics. The students will use IT initially before creating their own textured mosaics using different media.

World Views: Students will evaluate fundamental Islamic beliefs. Investigating the role of the five pillars in everyday life.

Engineering: Pupils will begin to work independently on their project and begin to research design ideas for their final design of a desk standing fan.

Land based studies: Pupil will explore local wildlife, habitats and the importance of conservation, learning how to protect animals and their natural environments.

Food and Cookery: The cooking group will be selecting sweet and savoury meals for unit 2 of their accreditation.

Animal Care : Pupil will learn about animals in need, exploring the causes of animal welfare issues and how animals can be protected and cared for.

Health & Me

PSHE: We are going to be discussing how we can keep ourselves safe, as well as looking at sugared and processed foods.

Outdoor Education: Students will continue to work towards their duke of Edinburgh awards. They will complete their volunteering section by assisting the school maintenance before beginning navigation on a series of hikes.

PE: Pupils will develop their skills, focusing on, communication, passing, movement, tactics and sportsmanship.. Enhancing their knowledge on rules and understanding of the sports while also increasing their teamwork and leadership.

Emotional Intelligence: .Pupils will consider how to manage emotional challenges with resilience and flexibility under pressure.

Citizenship: Pupils will evaluate online behaviours and criminal activity relating to bullying. Pupils will then evaluate digital personalities in context of the law.
