Curiosity & Knowledge

Phonics: Pupils will use their sounds to segment and spell words.

Reading: Pupils will read their reading books daily and we will bring Ancient Greece to life through engaging age-appropriate stories. Everyday they will present a text to the class.

Maths: Pupils will develop their understanding of addition and subtraction within 100 and the value of money.

Science: Pupils will learn about materials and their properties.

Computing: Pupils will learn about creative media, taking and manipulating digital images.

Explore & Make

Geography: Pupils will look at the climate within Greece and compare to the UK. They will identify key features of a hot climate.

History: Pupils will develop their understanding Ancient Greece including who the Gods were and where they lived. We will explore the Gods through artefacts and stories from Ancient Greece.

Art & Design: Pupils will develop their ability to use create designs and structures using clay.

MFL: Pupils will develop their ability to share their feelings and talk about shapes, colours and size.

RE: Pupils will learn about sacred objects and how they are special to all religions.

Technology: Pupils will develop the ability to design and make structures. They will also test and evaluate them based on specific criteria.

Music: Children will develop their understanding of music including using their voice to share songs.

Health & Me

PSHE: Pupils will learn how to stay healthy and ensure their positive mental and physical wellbeing.

Outdoor Education: Pupils will learn about how to play together and make decisions based on their preferences. They will learn about green spaces and how to play, protect and respect them.

PE: Pupils will create wonderful dances and showcase their moves in front of an audience.

Emotional Intelligence: Pupils will learn to to recognize, understand, express, and regulate their own emotions and to perceive and respond appropriately to the emotions of others.

Citizenship: Pupils will learn staying safe online.

Life Skills: Pupils will learn about money and its role in daily life.

Get Time: Pupils will have the opportunity each week to work on their personal targets linked to being social, thinking about themselves in the world, being active, mindful and prepared.
